

KiwiWRAP KiwiSaver Scheme

Investment Options Supplement

30 June 2026

Issued by Consilium NZ Limited

This Investment Options Supplement is provided by Consilium under an exemption that the KiwiWRAP KiwiSaver Scheme has from some of the requirements of the Financial Markets Conduct Act 2013 and Financial Markets Conduct Regulations 2014. You can find a copy of the exemption notice on FMA's website at www.fma.govt.nz/compliance/exemptions/current-exemption-notices/financial-markets-conduct-act-exemptions.

This document should be read alongside the KiwiWRAP KiwiSaver Scheme Product Disclosure Statement.

WRAP

Description of your investment options

A description of the investment options that are currently available to Members, and the estimated annual fund charges for those investment options are in the table from page 5. All capitalised terms in this document have the same meanings as defined for them in the KiwiWRAP KiwiSaver Scheme Trust Deed.

Please note that:

- Investment options will be updated quarterly.
- The eligibility of all investments will be reviewed at least annually and may result in the removal of certain investment options. Refer to Section 3 of the Product Disclosure Statement for more details.
- Any changes to the estimated total annual fund charges, other charges and any individual action fees in respect of each investment option, will only be updated annually.
- Consilium is the issuer of Evidential Investment Funds, included in the investment options.
- Consilium is ultimately owned by FirstCape Group Limited (FirstCape). FirstCape is ultimately owned by National Australia Bank Limited, Jarden Wealth and Asset Management Holdings Limited, funds managed by Pacific Equity Partners and FirstCape Trustee Limited. Harbour Asset Management Limited, whose funds are included in the investment options, is also ultimately owned by FirstCape and benefits from any investment made in such a fund from the fees and other changes it receives as manager of that fund.
- Consilium does not provide any guarantee of the performance of any investment option.

Fees

Annual Scheme fee

Consilium, as the Manager of the Scheme, charges Members the fees detailed below. These fees include the services of the Manager, the Custodian and the Supervisor, but exclude Adviser fees and any fees charged by third parties in relation to the underlying investments or transactions of a Member's Personal Plan.

Member funds	Manager fee per annum excl GST
All assets*	0.29%
Cash of all currencies**	0.00%

*excluding cash held in the cash management account.

**held in the cash management account.

These fees are included in the total estimated fund charge in the investment options table on page 5.

Understanding the total estimated fund charge

In the investment options table, beginning on page 5, there are several fees displayed. To understand the total annual fee you will pay for holding a specific investment, you need to know what each fee is.

Annual underlying investment fee is the ongoing fee charged by the issuer for managing and implementing each specific investment. This fee is made up of ongoing costs, which include management and administration fees. As a result, the annual underlying investment fee published by the issuer is an estimate and the actual costs incurred may differ slightly*. The annual underlying investment fee does not include costs such as trading costs, borrowing costs or performance fees. These costs, if applicable, will be charged on top of the annual underlying investment fee. Please refer to the offer document of each investment for full details.

An additional GST component may be charged on top of the underlying investment fee. That component is unable to be reliably estimated, as issuer practices vary with respect to reporting their charges on a GST inclusive or exclusive basis, and the proportion of their charges that attract GST.

*Some advisers negotiate with a fund manager to obtain a reduction to the annual underlying investment fee for their clients. If this applies to any of the funds held in your Personal Plan, a fee rebate will be applied by the fund manager to lower the effective fee for you compared with the standard fee shown in the investment options table for that particular fund.

Individual action fee — a fee charged by the issuer of the investment option to buy, sell or make another transaction. A buy/sell spread is the difference in the unit price between what someone pays when buying versus what someone will get when selling.

Performance fee — a fee charged by the issuer of an investment when it outperforms a specific target.

Annual Scheme fee — the fee paid to Consilium as Manager of the Scheme.

Total annual estimated fund charge as a percentage of net asset value is the annual underlying investment fee plus the annual scheme fee.

Every year you can expect to pay the annual estimated fund charges as a percentage of net asset value plus any performance fees, plus any buy/sell spreads or individual action fees when you make a transaction.

Individual action fees

There are no fees charged by the Manager for establishment, contributions, withdrawals or closures. The investments you have selected may charge fees for contributions and withdrawals.

 Refer to brokerage below and the investment options table on page 5.

Currency conversion fee

You will be charged a currency conversion fee by the Custodian when you convert one currency to another. The fee is a proportion of the amounts converted. The fees are in PIPs. A PIP is a percentage in point, which is the smallest price change that a given exchange rate can make. For most currencies this is \$0.0001.

The fees for major currencies are below.

Currency pair	Fee (PIPs)
NZD/AUD	25
NZD/USD	25
NZD/GBP	25
NZD/EUR	60

Please contact Consilium or your Adviser for the fees on all other currency pairs.

For example, to sell \$10,000NZD and purchase AUD at an exchange rate of 0.94, you will pay \$25 AUD in fees.

The Custodian also collects a margin when they are instructed to convert money from one currency to another. This margin may be up to 1% of the transaction and the amount collected is disclosed to you in your regular reporting.

Brokerage

There are different brokerage options available, and the fees will vary depending on the broker and exchange used. Your adviser can inform you of the brokerage charges relevant to your portfolio.

Other charges

Cash administration fee

The Custodian will hold your cash with ANZ Bank New Zealand Limited and has negotiated an interest rate with them. Cash held in a Scheme member's account that has not been invested earns interest from being held in an ANZ omnibus interest bearing account by FNZ. Before paying interest on any Scheme member's account, FNZ will deduct and retain a margin from that interest called a cash administration fee. The deduction of the cash administration fee by FNZ means the interest that is received on the cash balance in a Scheme member's account will be less than that which is paid to FNZ on those cash balances

The interest you will receive on cash held in your cash management account (CMA) will be equal to the official cash rate (OCR) minus 0.25% per annum (CMA interest rate = OCR - 0.25%). The Custodian will retain the difference between the CMA interest rate you receive and the negotiated interest rate, as a cash administration fee (cash administration fee = negotiated interest rate - CMA interest rate).

For example, if the OCR is 3.00% and the Custodian has negotiated an interest rate of 3.20% — you will receive 2.75% interest and the Custodian will retain 0.45% as a cash administration fee (refer to the example at the bottom of this page). Note that the Custodian will not charge negative interest on your cash management account, so the CMA interest rate will not fall below 0% per annum. The cash administration fee may change in the future.

Please contact Consilium or your Adviser to find out the current CMA interest rate.

Cash administration fee example:

Custodian's negotiated interest rate (A)	OCR (B)	OCR - 0.25% (CMA interest rate you will receive)* (C)	Cash administration fee the Custodian retains = A-C
3.20%	3.00%	2.75%	0.45%

*minimum of 0.00%

Adviser fees

Your Adviser may charge the following fees:

A fee covering their initial advice on investment selection and ongoing monitoring of your Personal Plan against your investment objectives. These fees are agreed in writing between you and your Adviser and confirmed to Consilium.

Initial establishment fee — subject to a maximum of 0.20% excluding GST. This establishment fee will be charged on the initial balance that is either transferred from the existing KiwiSaver or a voluntary contribution, and can only be charged once.

Ongoing monitoring fee — subject to a maximum of 0.75% per annum excluding GST. The ongoing adviser fee is deducted from your Personal Plan monthly in arrears and is based on the daily balance of your Personal Plan.

Your Adviser cannot charge you any fees for other services, such as action fees or review fees, through the Scheme.

Example of how fees apply to an investor

Mrs Johnson invests **\$100,000** in a number of investment options from the IOS. She is charged brokerage when her funds are invested of **\$200.00** (0.20% of \$100,000).

This brings the starting value of her investment to **\$99,800.00**.

She is also charged the annual Scheme fee, which works out to **\$289.42** (0.29% of \$99,800). These fees might be more or less if her account balance has increased or decreased over the year and are dependent on the type of investments she has selected.

Over the next year Mrs Johnson pays other charges of **\$1,022.00**, being a \$75.00 cash administration fee, an Adviser establishment fee, which works out to **\$200.00** (0.20% of \$100,000), and an ongoing Adviser fee, which works out to **\$747.00** (0.75% of \$99,600.00).

These fees might be more or less if her account balance has increased or decreased over the year and are dependent on the type of investments she has selected.

Estimated total fees for the first year:

Brokerage:	\$200.00
Annual Scheme fee:	\$289.42
Other charges:	\$1,022.00
Total	\$1,511.42

If Mrs Johnson's investment options include any funds, those funds may be subject to additional fees (including performance fees) and expenses.

This example may not be representative of the actual fees you may be charged and reflects a mix of investment options at the maximum management fee rate.

Understanding the risk indicator

A risk indicator in relation to an investor's Personal Plan will, except in the case of an eligible investor, be provided by an investor's appropriately qualified and registered financial adviser prior to any investments being made on behalf of the investor.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means there is the potential for higher returns over time, but with the risk of higher losses, and there are likely to be more ups and downs along the way.

To help you clarify your own attitude to risk, you must (unless you are an eligible investor) seek financial advice from an appropriately qualified and registered financial adviser.

In addition, you may work out your risk profile at <https://www.sorted.org.nz/tools/investor-kickstarter>.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

The risk indicator is not a guarantee of a Personal Plan's future performance. The risk indicator is based on the returns data for a five year time period. Where an investment does not have a five year dataset, an appropriate benchmark will be substituted. While risk indicators are usually relatively stable, they do shift from time to time.

 See the Product Disclosure Statement (PDS) for more information about the risks associated with investing in a Personal Plan.
