

Take control of your KiwiSaver investments

KiwiWRAP 
KiwiSaver Scheme

Take control of your KiwiSaver investments

The **KiwiWRAP**[®] KiwiSaver Scheme is designed for sophisticated investors who want customisable investment choices.

The KiwiWRAP KiwiSaver Scheme gives you the ability to work closely with an adviser to create your own customised investment portfolio to fit your unique goals.

Access to professional advice is key to helping you reach your long term goals.

Working with your adviser, you can choose from over 400 New Zealand and international investments — giving you the flexibility to design your KiwiSaver investment your way.

To find out more details about the Scheme go to www.kiwiwrap.co.nz or www.disclose-register.companiesoffice.govt.nz.

How it works

With your adviser, design a portfolio specific to your needs. Your adviser will document this in a statement of advice.

Your adviser will open a secure account for you on Consilium Wrap.

Review your portfolio and authorise your details online (including fees).

Once authorised, this will trigger an automatic transfer from your current KiwiSaver scheme*

*Non KiwiSaver cash deposits can also be made at this point.

Your wealth management world

KiwiWRAP KiwiSaver Scheme gives you peace of mind and control over your wealth management world, with your adviser to guide you along the way.

The value of advice has never been more important. Regular market volatility highlights the importance of having an adviser to help you with decisions that may have a long-term impact on the value of your investments.

You and your adviser will work together to design a portfolio for your specific needs.

Investment preferences

Speak to your adviser if you have responsible investment considerations, including environmental, social or governance, for your portfolio. The KiwiWRAP KiwiSaver Scheme gives advisers the flexibility to tailor their investment recommendations to your needs.

What to expect in your statement of advice

The KiwiWRAP KiwiSaver Scheme requires all members (with the exclusion of eligible investors**) first to receive a personalised statement of advice from an accredited professional financial adviser before they can proceed to join the Scheme.

What this means is that your adviser will consider your specific needs when making a KiwiSaver recommendation. The statement of advice document includes:

- Consideration of your personal circumstances such as assets, liabilities and goals for retirement
- How long you have before you need to access your KiwiSaver investment (your time horizon)
- How much you can handle up and down movements in the value of your KiwiSaver investment (your risk tolerance)
- Your adviser's recommendations for you including the specific investments and the percentage of your money to invest in each, and a risk indicator that will allow you to compare your specific portfolio to other generic KiwiSaver products
- Full details of the fee your adviser charges and the fees associated with the specific investments recommended
- An area for you to approve the recommendations and instruct your adviser to proceed

**Eligible investors must still access the Scheme via Consilium-accredited advisers.

Who runs the Scheme?

The Product Disclosure Statement details the roles of the different parties in the Scheme.

Consilium NZ Limited (Consilium) is the Manager of the KiwiWRAP KiwiSaver Scheme and the operator of Consilium Wrap, where investments can be viewed. Consilium works with over 100 independent and professional advisers. Consilium does not handle investor funds and is not a custodian. You can find out more about Consilium and Consilium Wrap at www.consilium.co.nz and www.consiliumwrap.com.

FNZ Custodians Limited and **FNZ Limited** are custodian and administrator of the Scheme respectively, and jointly referred to as FNZ. FNZ provides custody and wrap software services to global financial institutions and to several large New Zealand banks. FNZ Custodians Ltd holds investor funds in its name as a bare trustee for the benefit of the Scheme members. You can find out more about FNZ at www.fnz.com.

Trustees Executors Limited is the Supervisor of the KiwiWRAP KiwiSaver Scheme. The Supervisor is responsible for ensuring that Consilium NZ Limited as the Manager and FNZ Custodians Limited as the Custodian of the Scheme are performing their respective duties and acting in the best interests of the Scheme's members. Both the Manager and the Custodian provide regular detailed Scheme reporting to the Supervisor. Trustees Executors Limited was established in 1881, and is New Zealand's oldest trustee company. As well as being a Licensed Financial Markets Supervisor, the company provides other services such as fund administration. You can find out more about Trustees Executors Limited at www.trustees.co.nz.

What are the costs?

The Scheme fees are designed to be cost effective. The total fees you will pay depend on your investment choices, the transactions you make and the fee you agree with your adviser for their service. For further details including fees and taxes, refer to the Investment Options Supplement and Product Disclosure Statement.

Who is it for?

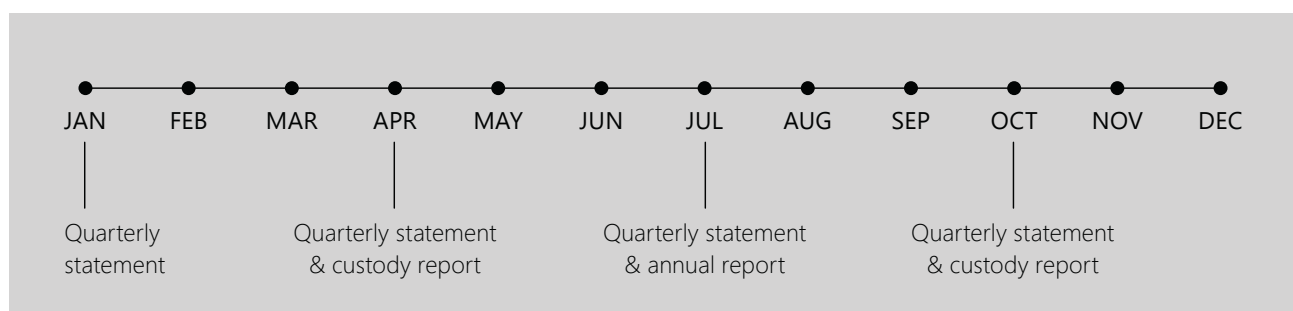

KiwiWRAP KiwiSaver Scheme is not available to all investors. To join the KiwiWRAP KiwiSaver Scheme, you must have a minimum initial balance of \$50,000 to transfer in, and throughout the duration of your membership of the Scheme, you must continuously retain the services of a professional financial adviser who is accredited to advise on the Scheme by Consilium. Due to its design around choice, KiwiWRAP KiwiSaver Scheme is designed for investors at the top marginal tax rates. The Scheme is not a portfolio investment entity (PIE) therefore tax is charged at a flat rate of 28% and is not included in the investor's personal tax return.

Can I leave the Scheme?

Yes. You can transfer your KiwiSaver investment balance to any other KiwiSaver provider at any time. You can also change advisers and stay within the Scheme, provided that your chosen replacement adviser is also Consilium-accredited for the Scheme. Refer to the Product Disclosure Statement for more details.

What reports will you send me?

Each year you will receive seven reports relating to your investment in the Scheme. Two reports are produced by the custodian, FNZ Custodians Ltd (custody report), and five reports are provided by Consilium as Manager of the Scheme (quarterly statements and annual report).

KiwiWRAP[®] KiwiSaver Scheme gives you choice and flexibility

Over 400 investment options	✓
